SAMMISAQ: TAKORNARIAQARNEQ, ILISIMATUSARNEQ, ATAQATIGIINNERMUT AAQQISSUUSSINERIT

Tallimanngorneq 3/11 – Taseralik nal. 19:00 - 22:00-mut

Qeqqata Kommuniani takornariaqarnermut, Ilisimatusarnermut, ataqatigiinnermullu aqqissuussinerni ineriartortitseqqinnissamut periarfissat pillugit tusarnaariartorit.

Peqartaasussat:

Qeqqata Kommunia

DTU

GREENLAND
SCIENCE WEEK

Josephine Nymand

Pisortaq - Pinngortitaleriffik
Nunarsuatsinni Økologii, Pinngortitami ataqatigiitsitisoq

Laust Løgstrup

Suliniutinut pisortaq - Qeqqata Kommunia

Thomas Ingeman-Nielsen

Lektori – DTU
Nuna qeriuannartooq, Ataqatigiinnermut
aqqissuussisooq

Gitte Adler Reimer

Rektori, Lektori – Ilisimatusarfik
Kalaallit kulturiannut, Antropologii

Paninguaq Fleischer - Lyberth

Suliuniummik Aqutsisoq, UNESCO Nunarsuarmioqatigiinnut
Kingornutassiaqarfik Aasivissuit – Nipisat

Jesper Schrøder

Pisortaq – Arctic Circle Business
Inuusutissarsiutitigut ineriartorneq

Pernille Erland Jensen

Lektori - DTU
Avatangiisinut Teknologii, Imermut
peqqinnissamullu tunngasunik

TEMAAFTEN: TURISME, SCIENCE og INFRASTRUKTUR

Fredag 3/11 – Taseralik fra 19:00 til 22:00

Kom til en spændende aften, hvor vi hører om udviklingsmulighederne for Turisme, Science og Infrastruktur i Qeqqata Kommunia. Der bliver tolkning til/fra Grønlandsk, dansk og engelsk.

Deltagere:

Josephine Nymand

Direktør for Grønlands Naturinstitut /Director
Greenland Institute of Natural Resources.

Terrestrisk økologi, forvaltning af naturområder
Terrestrial ecology and ecosystem management

Laust Løgstrup

Projektchef / Project Director – Qeqqata Kommunia

Thomas Ingeman-Nielsen

Lektor/Associate Professor – DTU
Permafrost & Infrastruktur

Gitte Adler Reimer

Lektor/Principal, Associate Professor – Ilisimatusarfik
Antropologi og Kulturstudier / Anthropology and Culture studies
Etik i forskning / Ethics in science

Paninnguaq Fleischer - Lyberth

Site manager for UNESCO World Heritage Aasivissuit – Nipisat
Site manager for UNESCO Verdensarv Aasivissuit – Nipisat

Jesper Schrøder

Direktør / CEO – Arctic Circle Business
Erhvervsudvikling / Business Development

Pernille Erland Jensen

Lektor/Associate Professor - DTU
*Fokusområde: Miljø inkl. vand, sanitet,
miljøvurdering og nyttiggørelse af industriaffald*

GREENLAND SCIENCE WEEK

Arfininngorneq – Lørdags program

Taseralik - Peqataaneq akeqanngilaq

- 10:00 – 12:00 Takornarialerisut peqatigalugit workshoppi.
Workshop med turisterhvervet
- 13:00 – 14:00 Nunarsuarmioqatigiinnut Kingornutassiaqarfiup festivalia.
Verdensarvsfestival Workshop
- 14:00 – 15:00 Ileqqussaasut: Kalaallit Nunaanni ilisimatusarnikkut ileqqoreqqusanik malittariasassaliorneq.
Udvikling af etiske retningslinjer for forskning i Grønland
- 15:00 – 15:30 iAlaska'mi inuit pillugit ilisimatusarnerit imminut attuumassuteqanngitsut marluk
Two Examples of Equitable Arctic Research with Alaskan Inuit Communities, Virginia Tech
- 15:30 – 19:30 Saqqummiinerit pissanganartut, ilaatigut:
Spændende foredrag med blandt andet:
Danmarks Metrologiske Institut – Københavns Universitet – NSF – Ilisimatusarfik
Pinngortitaleriffik – DTU – Kyushu University – Concord University – Virginia Tech
- 17:00 – 19:00 Ulloriarsiorneq
Stjerne kig med teleskop og planetarium

Nutserisoqassaaq!
Der vil være
tolkning til alle
Arrangementer!

Offentlige Foredrag - Taseralik

Lørdagsprogram – gratis éntre

Spændende foredrag:

15:30 – 15:50 Josefine Nymand: Grønlands Naturinstituts arbejde og bæredygtig minedrift
Direktør for Grønlands Naturinstitut

15:50 – 16:10 Gitte Reimer & Elisabeth Rink: Considerations for Ethical Community Collaborations to Address Reproductive Health in Greenland: Lessons Learned from Population Dynamics in Greenland
Rektori og Lectori Ilisimatusarfik, Professor Montane State University

16:10 – 16:30 Jula Maegaard-Hoffmann: Arctic Hub - Making Greenlandic research accessible
Acting Head of Secretariat

16:30 – 16:50 Clay Prater and Vendy Hazukova: The Importance of long-term observational data sets for studying environmental change in the Qeqqata Kommunia Region
Oklahoma State University

16:50 – 17:10 Joe Allan: Arctic REU Greenland: An U.S. National Science Foundation Research Experience for Undergraduates Program in the Aasivissuit-Nipisat World Heritage Site
Distinguished Professor of Geology, Concord University

17:10 – 17:30 Emma Vitale: Insights to the Greenlandic Dogsledding Culture
PhD fellow Copenhagen University / Ilisimatusarfik

17:30 – 17:50 William Casola: The U.S. National Science Foundation & Greenland - Research and Collaborations
PhD. AAAS Science & Technology Policy Fellow - National Science Foundation

17:50 – 18:10 Chisoka Masuo: China's Infrastructure Building in the New Era and the Arctic Region
Professor, PhD (Ms), Kyushu University, Japan

18:50 – 19:10 Ekaterina Sofroneeva: Actors' engagement in the Arctic innovation ecosystems
PhD Candidate & Researcher, University of Vaasa, Finland

19:10 – 19:30 Martin Olesen: Klimaforandringer i Grønland - fra model til virkelighed
PhD, Climate Scientist, Danish Meteorological Institute
